ANNOUNCEMENTS FOR ALL CMC STAFF

WOWs (Workstation on Wheels): Do not use WOWs to complete your eLearning. WOWs are not set up for the HLC exams.

Windows 8 and Internet Explorer (IE) 10 Compatibility with HLC
If using IE10, included with Windows 8, we recommend setting the browser to 'Compatibility Mode' when accessing the HLC while we improve functionality with this version of IE. Note the browser must be set to Desktop View. To set IE 10 to Compatibility Mode, click the icon in between the address bar and the refresh icon

HealthStream has recently instituted a \$25 BLS / ACLS **REPLACEMENT card fee**. In the past, they have not charged us for replacement cards. Effectively immediately, employees will need to pay the \$25 fee before the [replacement card](#) is ordered. Please email educationdevelopment@communitymedical.org to inquire on how to order a replacement card.

Lippincott Assignment Announcement: Lippincott procedures are now being assigned as mandatory HLC's for some units. The procedures will be found under the "My Learning" tab. Once the link for the procedure is opened and you have completed reading, use the small x in the upper right hand corner of the procedure labeled **Exit Course** to return back and take the test. **DO NOT** close the entire browser window; you will not receive credit for completing if you exit this way. If you fail the test, the link becomes deactivated. The assignment remains in your "My Learning" and you must go back in to read the procedure before the test can be reactivated.

ACLS, BLS, PALS, and NRP Certification Programs
BLS/ACLS Heartcode Part I: For employees who have already completed BLS/ACLS using Heartcode, Part I, II and the Student User Guide will automatically reoccur 60 days prior to the expiration date on your "My Learning" page in HLC. If you wish to complete BLS/ACLS certification for the first time or recert for the first time using Heartcode, you will need to email educationdevelopment@communitymedical.org. Please provide your employee id number. If you would like to take BLS and/or ACLS and the certification is not required for your job, please have your unit manager (designee) complete the Resuscitation Certification Request Form.

BLS/ACLS Part II Skills Testing: Click [here](#) to schedule an appointment to complete EITHER BLS or ACLS skills testing. **DO NOT** click on the "Enroll in this Course" button or on the class information link. This will not register you for the session. **You have to click on the "Register" link to the far right. If you do not see the link, this means the class is full. Make sure to read the instructions under Description first.**
If you are wanting to schedule an appointment to complete BOTH BLS and ACLS at the same time, you will need to email educationdevelopment@communitymedical.org.

FH&SH Staff: Email fhsheducation@fresnoheartandsurgical.org to schedule appointment for Part II Skills Testing or click the above link to schedule an appointment at Sierra.

PALS click [here](#) for more information

New! NRP Simulation/Debrief Skill Station: Click [here](#) to register! **DO NOT** click on the "Enroll in this Course" button or on the class information link. This will not register you for the session. Click on "Show Class Schedule", find the class you would like to register for then click on the "Register" link to the far right. If you do not see the link, this means the class is full.
Click [here](#) for more information regarding NRP.
