

# Health Disparities Summit 2025

## Health Care Outside the Hospital: Overcoming Barriers to Care

Friday, April 25, 2025

8 a.m. to 12 p.m.

Live at UCSF Fresno | 155 N. Fresno Street

# UCSF Fresno

Course Directors:

Kamell Eckroth-Bernard, MD, FACS, UCSF Fresno

Andrea Long, MD, FACS, UCSF Fresno

Join the Intentional Recruitment Coalition in collaboration with the UCSF Fresno Department of Surgery, the largest surgical training program in the San Joaquin Valley for the 2025 Health Disparities Summit. This annual symposium is dedicated to advancing healthcare equity for disadvantaged populations affected by language barriers, socioeconomic disparities, cultural differences, and more. Through expert-led discussions and evidence-based strategies, this program will empower healthcare providers to bridge gaps in care and navigate complex health disparities. Participants are eligible to earn 3.5 hours of CME credit.

### About the

### Intentional Recruitment Coalition

The UCSF Fresno Intentional Recruitment Coalition (IRC) will establish representation from a multitude of cultural backgrounds with the mission to perpetually diversify the UCSF Fresno Department of Surgery and surgical training programs to reflect the underserved and underrepresented patient population that we care for and learn from on a daily basis in the Central Valley.

## EVENT TOPICS

- Disproportionate Environmental Impact on Health
- Asthma and Accessing Care
- Patient Experience Panel
- Diabetes Management Barriers and Treatment
- Health Care Outside of the Hospital

## OBJECTIVES

1. Identify how neighborhood environmental factors can affect asthma incidents if the neighborhood is negatively impacted by industrial exposure and excessive heat
2. Summarize how access to early diagnosis and treatment of diabetes affects long-term morbidity and mortality in patients
3. Understand how pediatric asthma issues can lead to worsening chronic lung diseases in adults
