

UCSF Fresno

Health Disparities Summit 2023

Friday, March 24, 2023 | 7 a.m. to Noon

UCSF Fresno | 155 N. Fresno St. | Fresno, CA 93701

Live or Via Zoom Webinar

CME Credits: 3

Join the UCSF Fresno Surgery Department, the largest surgical training department in the Central Valley, and the Intentional Recruitment Coalition (IRC) for the 2023 Health Disparities Summit. This new symposium was created to improve care for certain disadvantaged populations in the San Joaquin Valley who may be negatively impacted by language barriers, socioeconomic status, cultural divisions, and more. This program will address these gaps in care and guide providers in addressing this challenging topic.

Course Director

Kamell Eckroth-Bernard, MD, FACS
Associate Professor, Surgery, UCSF Fresno

Dr. Eckroth-Bernard is double board certified in general and vascular surgery. He has been in practice for ten years as a vascular surgeon and is an alum of the UCSF Fresno Surgery Residency Program. He is dedicated to his patients and believes that increasing underrepresented minority physicians will greatly improve patient care in the Central Valley.

Discrepancies in Mortality and Recurrence of Breast Cancer in Minority Women

Ibrionke Adelaja, MD, FACS

Dr. Ibrionke Adelaja is a Board-Certified, Fellowship-Trained Breast Surgical Oncologist at Central Valley Breast Care. She provides leading-edge treatments for both benign and malignant breast disease.

Tran Ho, DO

Dr. Tran Ho is a Board-Certified, Fellowship-Trained Breast Surgical Oncologist at Central Valley Breast Care. She provides comprehensive care to patients with both benign and malignant breast disease.

Cervical Cancer Rates and Health Disparities

Alexandra (Jana) Freeman, MD

Dr. Freeman is fellowship trained in gynecology oncology and is an Assistant Clinical Professor at UCSF.

Health Disparities in Cardiac Disease in the Central Valley

Richard Kiel, MD

Dr. Richard Kiel is board certified in Internal Medicine with a subspecialty in Cardiovascular Disease. He is an Assistant Clinical Professor at UCSF.

Social Determinants of Health

Sammy Siada, DO, FACS

Dr. Sammy Siada specializes in vascular and endovascular surgery and is an Assistant Clinical Professor in the Department of Surgery at UCSF Fresno.

Objectives

1. Identify demographic risk factors for adverse cardiovascular events for better patient outcomes
2. Incorporate strategies for improving cardiovascular in points and heart failure amongst different demographics groups
3. Understand the health disparities that exist amongst racial/ethnic groups with breast cancer
4. Describe strategies proposed to provide equitable breast cancer care to all patient demographics
5. Explain how social determinants of health impact public health and learn ways in which to tackle disparities in social determinants of health at the public policy level

Accreditation

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the California Medical Association (CMA) through the joint providership of Community Medical Centers and UCSF Fresno. Community Medical Centers accredited by the CMA to provide continuing medical education for physicians. Community Medical Centers designates this live activity for a maximum of 3 AMA PRA Category 1 Credit(s)[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
