

GUIDELINE: Housestaff Scrubs and Lab Coat Guidelines

PURPOSE: To provide guidelines for the ordering of scrubs, lab coats and UCSF Fresno patches.

PROCEDURE: All incoming housestaff will be issued three sets of scrubs and two lab coats with UCSF Fresno patches during their orientation. (Items will be ordered according to sizes provided by incoming housestaff.) Once provided the scrubs and lab coats, housestaff will have two weeks to exchange for size in the GME office if adjustments need to be made.

If housestaff need new/additional scrubs or lab coats for any reason, they may be purchased at their expense directly from Mission Linen Supply through Claudia Lomeli via email at clomeli@missionlinen.com, or phone 559.268.0647.

In addition, there will be a shelving unit located in the Resident's Lounge in the UCSF Fresno building with free used scrubs/lab coats for anyone that may have a need.

Upon separation from UCSF Fresno, scrubs and lab coats may be donated back to the GME office to share with future housestaff. The GME office will collect donated scrubs/lab coats during resident/fellow checkout.
